## Education

### K S Rangasamy College of Technology

*Bachelor of Technology in Artificial Intelligence and Data Science*

Sep. 2022 – May 2026

*Namakkal, Tamil Nadu*

## Relevant Coursework

- Data Structures
- Algorithms Analysis
- Artificial Intelligence
- Systems Programming
- Software Methodology
- Database Management
- Internet Technology
- Computer Architecture

## Experience

### Startup, Inc

March 1 2024 – May 2024

*Graphic Designer Intern*

*Namakkal, Tamil Nadu*

- Created graphics and layouts for websites and mobile apps using tools like Adobe Photoshop and Canva.
- Worked with the team to design logos, banners, and social media posts for various projects.
- Used Figma to create simple and user-friendly designs for app interfaces.
- Designed marketing materials that followed brand guidelines and looked professional.

## Projects

### AI Tools Hub: Your Gateway to Free AI Solutions | *HTML, CSS, JavaScript*

July 2024

- Designed a website to help users explore a wide range of free AI tools categorized into sections like Video Editing, Image Editing, and Data Analysis.
- Created an easy-to-navigate interface with responsive design to ensure accessibility on all devices.
- Added interactive features like tool cards and buttons for a better user experience.
- Focused on making the platform unique by organizing tools in a user-friendly way and providing brief, clear descriptions for each tool.

### Coffee Ordering Mobile App | *Figma, UI/UX Design*

October 2024

- Designed a mobile application prototype in Figma for a coffee-ordering experience, focusing on a user-friendly and visually appealing interface.
- Created a landing page showcasing a vintage coffee machine and implemented smooth navigation for onboarding users.
- Developed a product page layout featuring coffee beans and desserts with interactive elements like pricing and "See more" options.

### Event Management Web Page | *HTML, CSS, Web Design*

June 2024

- Developed a responsive webpage using HTML and CSS to showcase upcoming events in a visually appealing format.
- Designed an interactive landing page with a modern theme and vibrant colors to attract users' attention
- Created sections for photo gallery events, fashion shows, and contact details, ensuring clear navigation and ease of use

## Technical Skills

**Languages:** Python, Java, Html/Css, Sql, MySql, PostgreSql

**Developer Tools:** VS Code, Eclipse, Google Cloud Platform

**Design Tool:** Figma, Canva,

**Technologies/Frameworks:** Git, GitHub

## Leadership / Extracurricular

### Hackathon Participant

2024

*Open Weaver & MSME Projects*

*National Level*

- Participated in multiple hackathons, working on real-world problem statements and showcasing creative solutions.
- Collaborated with cross-functional teams to design and present prototype applications.

### Athletics Achievements

2018 – 2022

*Medal Winner*

*Zonal and District Level*

- Competed in 100m and long jump, relay events, securing medals at district and state-level competitions.
- Represented the college in inter-university sports events, fostering teamwork and discipline.
